Re: Redemptive Strategies Broadcasting, LLC (RSB)
WCSZ(AM), Sans Souci, SC
Facility Identification Number: 25235
Special Temporary Authority (STA)
BESTA-20200417AAJ

Dear Mr. Cherry:

This is in reference to the request filed on April 17, 2020. RSB requests a further extension of the STA granted on August 9, 2013, to continue ND operation with reduced power to allow time to file the required FCC Form 302 application.¹ In support of the request, RSB stated that additional time is needed to install a retuned 50 kW transmitter and complete all remaining work before filing the application (to update all operating parameters).

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and RSB may continue to operate ND daytime with reduced power using tower #2 (ASRN #1055339), and ND nighttime using a maximum of 0.375 kW. RSB must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310. RSB must submit an e-mail to note the date the

¹ WCSZ(AM) is licensed for operation on 1070 kHz with 50 kW day (ND) and 1.5 kW night (DA).

application was filed.

This authority expires on **November 6, 2020.**
